

JANESVILLE EDUCATION FOUNDATION

PAYROLL DEDUCTIONS

The mission of the Janesville Education Foundation is to raise funds, make grants and engage in projects and programs that show promise of enriching classroom curriculum for the benefit of children in the Janesville School District.

Originally incorporated in 1983, the Janesville Education Foundation is now a component fund of the Community Foundation of Southern Wisconsin, Inc.

The Janesville Education Foundation has both an Endowment Fund and a Spendable Fund.

- Gifts to the **Endowment Fund** are never spent, but are added to a larger pool of assets providing higher yield and more diverse investment opportunities. Annually a portion of income earned is available to grant to support classroom projects and programs.
- Gifts to the **Spendable Fund** are used in addition to the endowed portion to support the two grant cycles for current year classroom projects and programs.

As a teacher you know the needs of our classrooms are many. Please consider joining your colleagues by participating in a payroll deduction gift.
